Year 3 - History

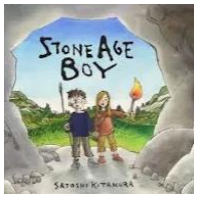

How did Britain change between the beginning of the Stone age and the end of the Iron age?

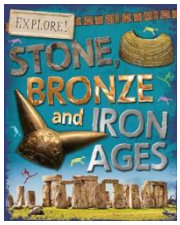

Retrieval	New Learning
• Life existed before your grandparents were born. • Millions of years ago dinosaurs lived. Evidence of this was found by Mary Anning, who discovered fossils. • Flight originated in Yorkshire.	• What has helped us to build a picture of what happened during the stone age period? • What are the key differences between the stone, bronze and iron ages? • What was the significance of the discovery of iron, ore and the invention of the wheel? • Why was the creation of Iron Age Hill Forts so important? • What do we mean by the term hunter gatherers?

Key Vocabulary	Definition	Historical Enquiry Skills
hunter-gatherer	Mainly living by hunting, fishing and gathering wild fruit	**Historical Enquiry (HE)** Use a variety of sources to collect information about the past. **<u>Continuity and Change (Con)</u>** Identify key things that stayed the same between periods. Identify key things that changed between periods. Start to explain the impact of some changes that have happened throughout different periods of time. **<u>Historical Significance (HS)</u>** Begin to understand that historical significance is a decision that people living in modern times make about what they feel are important aspects of the past. Identify historically significant people and events from a period of history and give some detail about what they did or what happened.
settlement	A small number of people living together	
Iron Age fort	A settlement built on a hill so that it was easier to defend against enemies	
Skara Brae	The archaeological site found on the Orkney Islands in Scotland	
Stonehenge	A famous Stone Age monument in Wiltshire	
archaeologists	People who discover our history by looking at artefacts that have been found
